Some people would emphasize book knowledge, while others stress practical experience. Which is more important to you? Give three reasons of your own to illustrate or explain your opinions by writing an essay of five paragraphs in at least 600 words to explain and discuss the three reasons.

Your essay is required to include the following contents in the five paragraphs:

1. The first paragraph is the introduction to the whole essay and includes your statement of your choice of either book knowledge or practical experience.
2. The second paragraph includes your discussion or explanation of the first reason why you choose book knowledge over practical experience, or vice versa.
3. The third paragraph includes your discussion or explanation of the second reason why you choose book knowledge over practical experience, or vice versa.
4. The fourth paragraph includes your discussion or explanation of the third reason why you choose book knowledge over practical experience, or vice versa.
5. The fifth paragraph is the conclusion of the whole essay.

Your essay will be graded by the following criteria:

1. Contents (thoughts and ideas) 30%
2. Grammar (accuracy in words and usages) 25%
3. Sentence structures and variety 15%
4. Fluency in expression 15%
5. paragraph organization 10%
6. Punctuation and spelling 5%
